## Street Talk | News, Latest Announcements & Overheard Tidbits

When one door closes another opens. In this case one has opened up directly across the street from East Village's **Wolffy's Place** that's, sadly but unsurprisingly, gone for good. **Smashburger**, gourmet burger-chain sensation, has opened the doors of its EV location & is open to the public, as of today. A warm-welcome for this family-owned business is expected, given the unsettling lack of QUALITY quick-service, lunch-friendly spots in the neighborhood. **MIX EXCLUSIVE:** The East Village Smash is the FIRST of its nationwide fam to serve breakfast fare; featuring a range of breakfast sandwich options and serving delish local organic coffee from **Cafe Virtuoso (7am-12pm Daily)**.

**Memorial Day Special:** Show your military ID and receive a FREE BURGER from 12pm-1pm

**Stingaree**, San Diego's long-time proclaimed "Best Nightclub", is under-going an interior transformation. "Guest House", with decor inspired by a "seductive, avant-garde library" and featuring future-forward "texture-mapping" visual installations, will act as an independent 350-person venue, located on the first floor of the three-story club. Sting's overall aim is to provide a new midweek (Monday & Wednesday) social experience, that will host regional & global names within the Electronic Dance Music realm. **LED Presents** will be involved with booking talent monthly, and will feature "Ladies of LED" (likely Brazzabelle/Audrey Napoleon) on Wednesdays nights, weekly. (Starts 6/22). As long as Sting books \*FRESH\* talent, I think this concept could have lasting-potential. The "Guest House" public unveiling will be Monday, June 6th.
